

# POWER IN THE COW

## FEMALE SALE

OCTOBER 19, 2017

BIG HORN RESORT | 7:30 PM | BILLINGS, MONTANA

# Welcome

## CUSTOMERS AND FRIENDS

We have had female sales in the past but we have never had one quite like this.

With great anticipation we invite you to our first annual 'Ladies of the Beartooths' Female Sale in Billings, Montana, on October 19th, during the NILE stock show. We join together for this event with some outstanding breeders who have had success in various facets of the cattle business. The offering we have put together is one that represents each program to its highest.

The people in the business are what makes the business. We deeply appreciate the support of our existing customers and look forward to new friendships and business ventures. The partners of this sale stand behind their offering as good or better than anyone in the business, we want to know about any problems or successes you have along the way.

As many of you know it takes countless hours to prepare for a sale like this and we will continue that until sale time. Fall is a busy and exciting time of year in the cattle business. If you are in the area of beautiful southern Montana and would like to see the cattle, please do not hesitate to come on by!

POWER IN THE COW on Thursday, October 19th. Offering some of our very best.

Jim Stampfel, Pine Coulee Angus and Guests

## LADIES OF THE BEARTOOTHs • October 19, 2017

Big Horn Resort, 1801 Majestic Lane, Billings, Montana 59102

Social 6:30 pm • Sale 7:30 pm

## THE 'PINE COULEE' COW.

The perfect cow to us is elegant yet stout, good headed and balanced, set down on a wide based, sound foundation. She is backed by years of selection that possess a captivating phenotype while performing maternal excellence. She is not a trend chaser. She has daughters that we keep and bulls we breed to. She is a female that outbreeds herself and pays her way on the ranch.

Phenotype is key. We maintain a highly attractive phenotype that is desired by many and is becoming unmatched in the Angus breed today. We have stuck with the cowman's basics. The Pine Coulee cow has become a largely sought after commodity in crossbred programs, making us very diverse in our cow herd appeal.

Fertility is extremely important to us. We are fortunate to have a few ranches in the beautiful state of Montana, and we run a lot of cows. It is a business.

Our calving window is strict and cows must calve in a certain time frame. In turn, and somewhat of a downside for us, there are many high quality cattle with potential that are ran commercial due to our stringent calving guidelines.

We do not flush cows until they are proven. Many of our donors are 5 or 6 years old before they are flushed and have had high selling progeny or several keepers by natural calf prior to seeing the donor pen. We have had many visitors that cannot differentiate between our donors and many cows in the rest of the herd. We have recipient cows that would challenge the look and maternal superiority in many donor pens. We are uniform in quantity.

Good feet and udders. Two things that are extremely valued at Pine Coulee. We have never trimmed a foot at Pine Coulee. Our cattle are exceptional on their feet and legs. Good uddered matrons are what we are after. There is nothing better than a beautiful udder on an Angus cow that is out working for you in the pasture. We are a fully operational ranch, this is a business and we do not have time to harbor bad feet or bad udders on cattle. When or if we see any issues, they are shipped and they do not even make the recip list.

We believe in the basics of good cattle without extremes. They have never let us down.

This is why we raise Angus.

*Power, Balance, Class, Structure!*

- ⌘ This is the cow I envisioned making when we purchased her mother Sitz Everelda Entense 2198 from Sitz Angus Ranch for \$33,000. We sold that cow with her calf at side (maternal sister to X64) for a combined amount \$54,000.
- ⌘ With cow power in the blood, a captivating look, and her demonstration of maternal excellence she is our perfect Pine Coulee cow. We are excited about her future, she is the type of cow that has such diversity with her unique pedigree.
- ⌘ She stands on a perfect set of feet. We believe this is possibly the best daughter of 2198, being one of our top cows and perhaps one of the most asked about females we own. She gains much attention due to her balance, boldness of rib and unmatched elegance through her front 1/3. We urge you to see her in person, she is a phenomenal female.
- ⌘ X64 is a new donor, she has had incredible calves with loads of style including the best heifer calf on the ranch in 2016. She has been flushed three times with an average of 12 eggs per flush.
- ⌘ Sells open and ready to flush, calved 7/21/17 to Mohnen Bedrock with an 86 lb bull
- ⌘ Retaining half interest, possession negotiable.

+4	.29	+2.6	.44	+55	.39	+90	.31	+26	.35	+55.40

HC An unreal package right here! If you like success every... single... time, this is her.

HC This cow is without a doubt one of our best producing cows with her last three natural bull calves bringing \$14,500, \$12,500 and \$6,750 respectively. She has earned her right to stand in the donor pen at H C Cattle. We feel that this cow is what best represents our standards in raising quality cattle. She is sound, stout, huge bodied with an explosive hip and rib. We love her docility, and, above all, love the predictability that she brings to the table.

HC We may regret it afterwards, but, we have decided to sell her natural bull calf right along with her. This bull calf is undoubtedly one of the most promising bulls she has had to date, sired by Mohnen Bedrock (calved 7/16/17). Bedrock was a high seller at \$37,500 for Mohnen Angus and a member of their 2015 NWSS Champion pen of bulls, he was purchased in partnership by Pine Coulee Bulls and Genex.

HC Included in this package are two embryos by HA Cowboy Up 5405. With the Cowboy Up calf reports being so exciting, this mating could certainly be a home run.

HC 032 averages 14 to 16 eggs per flush. She sells in her entirety!

- Without doubt this is one of the most alluring females we are selling. She has an excellent set of feet and legs and travels with grace. She has bone, a cocky neck and is made with more shape than you can find in most Angus these days.
- This cow was a feature in our 2015 female sale. Her calf at side by Mohnen Impressive topped the heifer calf division at \$8,500 that year. We have decided to offer this female back for sale in partnership with Roberts Cattle.
- Tracing back to the Boyd Forever Lady 5205 makes her a great breeding piece. She has been in the donor pen for the past year and is bred to calve on 1/6/18. Bred to PVF Insight, this could be an unreal calf to hit the show ring with next season. She stamps her progeny with loads of eye appeal.

COWS / DONORS OFFERED BY PINE COULEE ANGUS 21

At Pine Coulee we strive to be uniform in kind, and W11 is a great example. We want them big bodied, extended in their neck and good hipped. We work to breed Angus females that are nice headed with good Angus character. This is not something that happens easily or by accident, we select for it. W11 is gorgeous from the side and shows you loads of rib from behind, with a nice full and uniform udder.

Due 2/3/18 to Bank Note

*Big time look!*

LOT 32

☞ This is why we raise Angus.

☞ She is our kind. When she walks in the pen you will notice this one. Her neck fits beautifully into the top of her shoulders. From end to end she has a feminine stoutness and body shape that is hard to make in any breed.

☞ Not only do we love this heifer calf but we love her mother. U7 is one of our top donors. She posts a 4@95 BW, 4@109 WW, 3@109 YW. We have sold several daughters into prominent registered herds and over \$100,000 of genetics out of this donor. She has not missed. If you like them quiet, then the U7 offspring fit the bill.

☞ Seller reserves the right to 2 flushes with a guarantee of 8 transferable eggs.
